Maj. C. C. Bosbyshell,
Supt. U. S. Mint,
Philadelphia, Pa.

Major:

In response to my telegram of inquiry, I learn with very much regret by your reply thereto, that we can expect no more medals this week. This is especially disappointing, as we are daily receiving communications from parties scattered all over our State, urging the remittance of the medals due them.

Over a month has now gone by since New York Day took place, and the veterans who are entitled to these medals are becoming extremely restive under the procrastinating method that we are compelled to pursue. I pray you therefore, to do all in your power to push forward this last order of one thousand medals as much as possible, and endeavor to give us the first installment of five hundred by Saturday night or Monday.

Very respectfully yours,

A. J. Zabriskie
Engineer.
